About Us

Introduction

Atlas Alkhaleej Pipe Factory LLC, based in Al Ain – Abu Dhabi, stands as one of the region’s most reputable manufacturers and service providers in the field of PVC and irrigation plastic products and solutions. Established in 2022, the company has quickly built a name for itself by completing hundreds of projects under the supervision of experienced engineers, technicians, and industry professionals.

Our growth is driven by an unwavering dedication to quality, reliability, and client satisfaction. Over the years, Atlas Alkhaleej Pipe Factory LLC has earned a strong reputation across the UAE’s construction and infrastructure sector for consistently delivering durable products and exceptional service.

We take pride in our commitment to innovation and continuous improvement, ensuring that we remain aligned with the dynamic requirements of the construction, agriculture, and municipal industries. By anticipating future market demands and investing in advanced technology, we continue to strengthen our role as a trusted partner in the region.

Atlas Alkhaleej Pipe Factory LLC values long-term relationships, built on trust, transparency, and performance excellence. With a forward-looking approach, technical expertise, and strong business ethics, we are recognized as a market leader in PVC and irrigation plastic manufacturing and solutions.

Mission & Vision

Mission

- At Atlas Alkhaleej Pipe Factory LLC Abu Dhabi, our mission revolves around three core stakeholders:
- Customers: To provide reliable, high-quality products and services that meet and exceed expectations, ensuring their complete satisfaction.
- Employees: To create a supportive and growth-oriented workplace where employees are valued as family, empowered with knowledge, and given opportunities for both professional and personal development.
- Strategic Partners: To maintain strong and lasting partnerships with suppliers, ensuring access to the best materials and technologies to meet client demands effectively.
- Through this mission, we continue to uphold a culture of trust, teamwork, and excellence across all aspects of our operations.

Vision

- Atlas Alkhaleej Pipe Factory LLC Abu Dhabi aspires to be recognized as the leading plastic manufacturing and irrigation solutions provider not only within the UAE but across the GCC.
- We aim to:
- Inspire and empower our employees to achieve their full potential.
- Adopt and implement sustainable practices that protect the environment.
- Continuously anticipate and fulfill customer needs with innovative products.
- Deliver simple, effective, and world-class solutions that improve the quality of life.

Scope of Services

The Integrated Management System of Atlas Alkhaleej Pipe Factory LLC, Abu Dhabi covers the following operational activities and services:

- Manufacturing PVC and UPVC pipes for construction, agricultural, industrial, and infrastructure applications.
- Supplying high-quality piping solutions for water distribution, electrical conduit systems, irrigation networks, and drainage systems.
- Designing and producing customized plastic piping products based on project requirements and technical specifications.
- Providing irrigation system components and plastic piping solutions for agricultural projects.
- Supporting clients with product selection, installation guidance, and technical consultation.
- Managing logistics and distribution to ensure timely delivery across the UAE and GCC region.

Why Choose Atlas Alkhaleej Pipe Factory LLC?

Atlas Alkhaleej Pipe Factory LLC is committed to delivering reliable, high-quality PVC and UPVC piping solutions for projects across the UAE and GCC.

Advanced Manufacturing

Modern production lines ensuring precision and consistent product quality.
